

Acquisition of NewSat's Teleport & Satellite Services business

10 July 2015

Global Satellite Solutions

Disclaimer

This presentation has been prepared by SpeedCast International Limited ("SpeedCast"). By accessing or attending this presentation you acknowledge that you have read and understood the following statements.

The information in this presentation does not constitute financial product advice (nor investment, tax, accounting or legal advice) and does not take account of your individual investment objectives, including the merits and risks involved in an investment in shares in SpeedCast, or your financial situation, taxation position or particular needs. You must not act on the basis of any matter contained in this presentation, but must make your own independent assessment, investigations and analysis of SpeedCast and obtain any professional advice you require before making an investment decision based on your investment objectives.

All values are in US dollars (USD\$) unless otherwise stated.

Past performance information given in this presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance.

This presentation contains certain "forward looking statements". Forward looking statements include those containing words such as: "anticipate", "estimate", "should", "will", "expect", "plan", "could", "may", "intends", "guidance", "project", "forecast", "likely" and other similar expressions. Any forward looking statements, opinions and estimates provided in this presentation are based on assumptions and contingencies which are subject to change without notice and involve known and unknown risks and uncertainties and other factors which are beyond the control of SpeedCast. In particular, this presentation contains forward looking statements that are subject to risk factors associated with the service provider industry. These statements may be affected by a range of variables which could cause actual results or trends to differ materially, including but not limited to: price fluctuations, actual demand, currency fluctuations, loss of market, industry competition, environmental risks, physical risks, legislative, fiscal and regulatory developments, economic and financial market conditions in various countries and regions, and political risks, project delay or advancement approvals and cost estimates. Such forward looking statements only speak as to the date of this presentation and SpeedCast assumes no obligation to update such information except as required by law.

Forward looking statements are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. Actual results may differ materially from those expressed or implied in such statements because events and actual circumstances may not occur as forecast and these differences may be material.

Readers are cautioned not to place undue reliance on forward looking statements and, except as required by law or regulation, SpeedCast assumes no obligation to update these forward looking statements. To the maximum extent permitted by law, SpeedCast and its officers, employees, agents, associates and advisers do not make any representation or warranty, express or implied, as to the accuracy, reliability or completeness of such information, or likelihood of fulfilment of any forward looking statement, and disclaim all responsibility and liability for these forward looking statements (including, without limitation, liability for negligence).

Transaction Overview

For personal use only

Transaction Highlights

- SpeedCast has completed the acquisition of the Assets of NewSat's Teleport & Satellite Services business for approximately AU\$12M¹ on a cash free/debt free basis following an agreement with NewSat's receivers
- Completion has occurred simultaneously to the signing of Definitive Agreements
- The assets include the land & buildings at NewSat's teleport facilities in Adelaide and Perth, associated plant & equipment and the customer and supplier contracts provided through these facilities
- 20 employees have been retained by SpeedCast, including key employees in the areas of operations & engineering and sales

Strategic Rationale

- The addition of the NewSat teleport & satellite services business to the Group further strengthens SpeedCast's leadership in the Australian market
- The services provided are complementary to SpeedCast's existing business and increase the group's penetration into the Energy and Government markets
- The acquisition adds two world-class teleports to its Australian operations, enabling continued expansion within the region, increased consolidation of our traffic into SpeedCast's owned facilities, and additional flexibility for customers requiring coverage in the Asia Pacific region

¹ excluding stamp duty & other taxes estimated at approx. AU\$0.7M

NewSat Teleport & Satellite Services Business Overview

- Focused on providing teleport services to service providers and satellite services to blue chip end user clients primarily in the Natural Resources & Government Sectors
- Provides services to Australian, UK & US government clients via security cleared facilities in Adelaide & Perth
- 24/7 NOC (Network Operations Centre) and technical support a key feature of the Perth & Adelaide Teleports
- Expansion potential for additional antennas at each facility
- Highly experienced staff providing high quality services and support to a diverse customer base
- US Based Sales team driving expansion into US government clients requiring services in the Pacific

Financial impacts for SpeedCast shareholders

Post acquisition EPS

- The acquisition of the NewSat Teleport & Satellite Services business is expected to be EPS accretive for SpeedCast shareholders¹

Funding

- SpeedCast has funded the transaction from available cash and via the Group's existing committed debt facilities without a requirement to extend such facilities.
- Consideration to the Receivers of NewSat is approximately AU\$12M plus estimated stamp duty & other taxes of AU\$0.7M.
- Transaction costs excluding stamp duty & other taxes expected to be AU\$0.3M

Pro forma leverage

- Pro forma leverage², post the acquisition of NewSat, is expected to be 2.6 – 2.8 times
- Strong operating cash flows and earnings growth from the existing SpeedCast group and the acquired NewSat business are expected to reduce the leverage ratio back within the Group's target range of 1.75 - 2.25 times within 12 - 18 months from the acquisition date.

¹ Excluding the amortisation of any acquired intangibles.

² Net debt / Pro forma EBITDA.
